**on 07958 325441 or**  
**01424 838683 to order.**  
**or [nlsbowen@gmail.com](mailto:nlsbowen@gmail.com)**

## Coronavirus PCR Testing Kit - Current Infection

Our home collection kit enables you to provide samples for yourself or your family in the safety of your own home and send it to our laboratory where it will be tested to see if you are currently suffering from Covid-19 (coronavirus) illness. With the advice being to stay home if you have symptoms, there are no options to receive testing unless you are an essential worker, or admitted to hospital and very unwell. Samples should be taken between days 1-5 of onset of symptoms. **Cost £129**

---

## Coronavirus IgG Antibody Test - Past Infection

If you are not unwell and wish to know if you have been infected with SARS-CoV-2 in the past then you should select this test. Testing should be done at 14 days or more after symptom onset. **Cost £79**

For any NHS staff we are offering the test at half price. Please contact us on [nlsbowen@gmail.com](mailto:nlsbowen@gmail.com) for further details.
